EDUCATION

PhD Atmospheric and Oceanic Sciences (AOS) [Anticipated: July 2022] 2019- present
Princeton University, Princeton, NJ

Thesis: Surface quasigeostrophic dynamics with variable stratification.

Advisor: Dr. Stephen Griffies

MA in Atmospheric and Oceanic Sciences 2017-2019
Princeton University, Princeton, NJ

Advisor: Dr. Stephen Griffies

BSc with Honors: Mathematical Physics 2013-2017
University of Alberta, Edmonton, AB

Publications

Yassin, H. & Griffies, S. M., (in prep.): **Seasonality in surface quasigeostrophic turbulence with variable stratification.** *Journal of Physical Oceanography*.

Yassin, H. & Griffies, S. M., (submitted): **On the discrete normal modes of quasigeostrophic theory.** *Journal of Physical Oceanography*.

Yassin, H., (2021): **Normal modes with boundary dynamics in geophysical fluids.** *Journal of Mathematical Physics*, **64**, 093102. doi:10.1063/5.0048273

Van den Bremer, T. S., Yassin, H. & Sutherland, B. R. (2019): **Lagrangian transport by vertically confined internal wavepackets.** *Journal of Fluid Mechanics*, **864**, 348-380. doi:10.1017/jfm.2019.30

AWARDS

Princeton Energy and Climate Scholar	2019-2022
Geophysical Fluid Dynamics Fellow, WHOI	2019
Centennial Fellowship in the Natural Sciences, Princeton University	2017-2021
NSERC Undergraduate Student Research Award	2015-2017
Dean's Silver Medal in Science, University of Alberta	2017
Louise McKinney Post-Secondary Scholarship, Alberta Government	2016
James McCrie Douglas Memorial Scholarship, University of Alberta	2016
Jason Lang Scholarship, Alberta Government	2014-2015
Dorch Brothers Scholarship, University of Alberta	2015

President's Scholarship in Science, University of Alberta	2014
University of Alberta Academic Excellence Scholarship	2013
International Baccalaureate Diploma Scholarship	2013

Outreach and service

Peer mentor for AOS graduate student, Princeton University	2021-2022
Co-presenter, Princeton Day School Energy and Climate Scholars	2021-2022
Student representative, Diversity, Inclusion, and Inclusion Committee in AOS, Princeton University	2020-2021
Co-organizer, AOS student seminar, Princeton University	2019-2020
Co-organizer, AOS workshop on Machine Learning and Climate Modelling, Princeton University	2019
